

Logistics. Distribution. Procurement.

Incognito Venture Group LLC (IVG) is a Hispanic-owned small business providing logistics, distribution, and procurement consulting to federal, state, and local government agencies and to commercial clients. Founded in 2024 by a senior supply chain leader with 7+ years directing global distribution operations, IVG brings enterprise-scale logistics expertise to organizations that need senior-level advisory without enterprise-level overhead.

CORE COMPETENCIES

Logistics & Supply Chain Consulting

Distribution network assessment · storage and warehousing optimization · carrier and 3PL evaluation and selection · process design under regulated quality standards · supply chain risk and continuity analysis

Procurement Support & Advisory

Sourcing strategy · vendor evaluation and selection · contract and statement-of-work review · supplier performance frameworks · spend analysis

Transportation Coordination Support

Routing and carrier coordination · delivery scheduling · service-level monitoring (coordination only; not FMCSA-regulated freight brokerage)

Program & Project Management

Cross-functional program delivery · site launch and standup · dependency mapping · risk evaluation and executive reporting (delivered through contracted program management capacity)

Training, SOP & Work Instruction Development

Standard operating procedures · work instructions · process documentation · training curricula for warehousing, receiving, inventory, and distribution operations

Product Supply

Industrial and hardware supply — fasteners, hand tools, electrical hardware, packing and gasket materials, hose, pipe, and tube fittings

PAST PERFORMANCE

GuidePoint Global — 2026

Advisory engagement on temperature-controlled packaging and distribution practice. Delivered as a structured consultation plus written follow-on analysis.

HBG Knowledge / MarketsandMarkets — 2026

Demand-side market analysis of the U.S. logistics services sector.

IVG is newly registered and has not yet performed as a federal prime or subcontractor. Commercial advisory engagements are presented as evidence of subject-matter capability.

DIFFERENTIATORS

- **Credentialed practitioner.** ASCM CLTD (Certified in Logistics, Transportation & Distribution); Google Project Management Certificate; Procurement and Logistics Certificate (DisasterReady.org); MBA (2026)
- **Global operating scale.** Directed temperature-controlled distribution networks across five regions — North America, Europe, Middle East, Asia-Pacific, Latin America — supporting 300+ delivery sites under GDP and GMP compliance standards
- **Documented results.** ~25% reduction in new-hire ramp time; ~20% reduction in global storage costs
- **Principal-delivered.** Engagements are performed by the firm's principal, not staffed down to junior analysts
- **Scalable capacity.** Program management delivered through a contracted PMP-certified, MBA-holding project director under executed NDA and independent contractor agreement
- **Registered and verifiable.** Active SAM.gov registration; Wyoming LLC authorized to transact business in North Carolina
